# "PEACE"

2/21/01ns

This is the **grandest white variety** ever offered in the world, and the international title of "Peace" was selected for this valuable type, which will become a standard variety and secure a permanent place in every country when known.

This variety is not only **new, distinct** and of more than **special merit**, but it has **wonderful vitality**, which will insure perfect satisfaction under all reasonable conditions.

The plant is **most striking** and **attractive**, its **massive proportions**, broad, heavy foliage of a rich green, erect and vigorous habit of growth, give evidence of the constitution and vigor, rare in light colored hybrids. These qualities are further proven by its **exceptional reproductive powers**, by offsets and division.

Matured bulbs are large, smooth and practically immune from disease, and produce plants five feet high, before the bloom spike appears.

The flowers are large, of good form and correctly placed on a heavy, straight spike. They are a beautiful white, with a pale lilac feathering on the inferior petals.

In placing the price of this variety within the reach of every admirer of the Gladiolus, I do so with the greatest confidence in its future popularity and that it supplies a long felt want, especially to the florist.

"Peace" is not an early bloomer but rather medium to late, and planted at the same time with other stock, it is in its best condition when most other varieties have passed blooming. It is of exceptional value to the florist at this time when there are few other light colored flowers in bloom.

PRICES

Large bulbs, per dozen,	.	.	.	\$	3.00
